<b>Labels:</b>	None		
<b>Original Estimate:</b>	Not Specified		
<b>Remaining Estimate:</b>	Not Specified		
<b>Time Spent:</b>	Not Specified		

### Description

#### Preconditions:

Internet connection.

On your home screen, select the X icon and open the app.

Twitter main account created

Logged into your user account.

#### Reproduction steps:

On your home screen, select the X icon and open the app.

To open the menu, tap your profile picture in the upper left-hand corner of the application.

Expand Settings & Support.

Tap Settings and privacy.

Scroll down to the bottom until you can see the Deactivate Account button and select it.

A new page will open highlighting pertinent information regarding your account and what happens when you deactivate it.

Scroll down and tap the Deactivate button.

X will ask you to confirm your password to complete the action. After you input your password, tap Deactivate.

The platform will confirm your decision and deactivate your account.

#### Expected result:

X (Twitter) Account from Android or iPhone it's successfully deleted.

#### Actual result:

Ours X (Twitter) Account cannot be deleted from Android or iPhone, an error is displayed.
